ICT 10 Seatwork #1: Understanding Data Type

NAME _____ SCORE _____

GRADE & SECTION _____ DATE _____

I understand that AI can support my learning, but it cannot replace my thinking. I agree to use AI honestly, safely, and responsibly. I will ask when I am unsure, disclose AI help when required, protect private information, check AI outputs, and make sure my final work reflects my own understanding.

AI Use Disclosure Form

Student Name: Alyanna Barlisan **Date:** 10/019/2026

Class / Subject: ICT **Assignment:** Participation Activity 2

This assignment was set at Level (select one): Level 3

1. AI tool I used:

Claude

2. What I asked it to do (prompt or question):

(index.html file) + can you make an external css for this with this color palette

- Cream / Off-White: `#F6F3EB`
- Pastel Pink: `#EBA3CD`
- Rose Pink: `#F189C1`
- Warm Brown: `#91573D`
- Dark Chocolate: `#502A18`

3. Which parts of the work AI helped with:

Making the styles.css file

4. What I changed, rejected, or verified:

All the comments where it stated to customize the colors i did myself and i removed all the unnecessary form changes

5. How I made the final work my own:

I chose the color palette myself and made the main.py and index.html file.

By signing below, I confirm that the disclosure above is accurate and that the final work reflects my own understanding.

SCORING RUBRIC

CRITERIA	EXCELLENT (3)	ABOVE STANDARD (2)	NEEDS IMPROVEMENT (1)
Variable Declaration	All variables are properly declared with meaningful names following Python conventions	Most variables are well-named, with minor naming convention issues	Many variables are missing or incorrectly declared
Data Types	Correct data types are used for all variables with clear type documentation	Appropriate data types used with minor documentation gaps	Frequent data type errors with no documentation
Code Readability	Perfect PEP 8 compliance with excellent spacing, indentation, and organization	Mostly PEP 8 compliant, with minor formatting issues	Poor formatting makes the code difficult to read
Design and Layout	Exceptional program structure with optimal organization and modular design	Logical structure with some minor organizational issues	Poor or confusing structure with no logical flow
Comments	Clear, concise comments for all variables and logical blocks	Comments are present for most variables, but could be more detailed	Few or no comments present
